1. ColTaxi Overnight Service Launch
2. HowTo use ColTaxi
3. ColTaxi joins TreviMOve app

Dear Reader,

I am very pleased to welcome you to the fourth issue of LIFE+ PERHT Newsletters!

In the context of LIFE+ PERHT project, on August, 25th new ColTaxi service was launched by local Taxi Cooperative of Treviso city, in association with Mobilità di Marca.

While renewing our warm invitation to follow us through this newsletter, through the project website and any public project event, we would like to thank you in advance for your kind interest in our PERHT project and for any comment or suggestion you may want to let us have to improve our efforts and work.

Marco Dall'Agnol
Mobilità di Marca
the PERHT Project Coordinator
on behalf of PERHT Consortium

ColTaxi Overnight Service Launch

ColTaxi is an experimental overnight bus service

(operating when MOM service is active, from 08:30PM to 12:30 AM and from 4:30 AM to 06:30 AM unless any transport strikes are going on).

ColTaxi service is restricted to MOM service subscribers who are at least 16 years of age (children under the age of 16 are allowed if accompanied by a subscribed adult) for whatever itinerary satisfying following requirements:

- Start/End of journey must belong to a MOM local transport bus stop falling under Treviso urban area, partitioned in three sections:
 - **CENTRO** (center): historical center and ring road out of the old city walls.
 - **PERIFERIA 1** (suburb #1): nearest suburb area (including Ca Foncello Hospital, S.Maria del Rovere, S.Zeno, S.Lazzaro, Fiera, S.Angelo).
 - **PERIFERIA 2** (suburb #2): the whole municipal district of Treviso and some limited areas of other neighboring Municipalities).
- Start/finish stops must belong to the same bus line of MOM network
- A single journey must not cross the CENTRO area (only travels center-

suburbs 1/2 and vice versa are allowed); to move from one area to another with CENTRO area crossing will necessarily involve multiple bus lines/taxi journeys, i.e. multiple rates).

HowTo use ColTaxi

To access ColTaxi service, any subscriber must call Treviso Taxi Cooperative operations center (0422.431515) and specify origin/destination bus stops and number of passengers for requested journey.

Alternatively, the user can go to the Taxi area near Treviso Central railway station and apply for ColTaxi journey, then state to be a MOM subscriber and specify origin and destination and the number of passenger for desired

journey.

One baggage per passenger is included in the journey fare.

ColTaxi joins TreviMOve app

The TreviMOve app is a free application for Android and iOS smartphones, providing tourists and travelers with information services for Treviso city, including journey planner, public transport utilities, car park utilities and mobile ticketing.

A new release of the TreviMOve app is now available for download: latest app version now enables a ColTaxi journey planning, according to above-detailed conditions.

ColTaxi service will enable a substantial reduction of rate in case of collective use of the taxi (up to 4 passengers, all travelling along the same bus line).

Pilot results for ColTaxi service experimentation were encouraging and impressive.

We will keep you updated on the progress of the project and on any developments and achievements.
